

THE SEE YOU COLLECTIVE

Student-Run Mutual Aid Organization

Our Mission ...

The mission of The See You Collective is to minimize financial insecurity, strengthen safety, access, and inclusion in our campus community by addressing issues of inequity through a respect and dignity-driven approach. The See You Collective is an independent collaborative among student organizers in coordination with student organizations to provide those in the Clark community facing financial hardship with resources.

Our Projects

Monetary Support: We operate an anonymous centralized fund that provides a space where low-income students can tell us what they need and be respected while seeking support. As of September 2022, we have received over \$36,000 in donations and distributed over \$33,000 to Clark students.

Non-Monetary Support: We have a Facebook group where we invite members of the Clark community to connect and offer non-monetary mutual aid. This can include ride sharing, food sharing, tutoring, and other supports.

Need Aid?

The Google Form to request monetary aid can be found at our website or in the linktree in our Instagram bio. We do our best to respond as soon as possible, but please give us up to 2 weeks to distribute the aid which we have to offer.

Below you can find our website and social media handles.

How to Support Us

Donate to us:

Venmo
